What can we do to help finance your purchase?

We are a credit broker not a lender. We can introduce you to a number of lenders and their finance products who may be able to help finance your purchase. They will typically pay us for introducing you to them. Please ask us for a list of finance products and the lenders we use. We do not offer a whole of market financial solution and there may be better products available on the open market. By providing us with your personal credit details, you will be giving us authority to submit credit application on your behalf to our credit providers.

GB Performance Cars is committed to ensuring that the FCA principle of treating customers fairly (TCF) is applied in all areas of our day-to-day business activities.

We are not independent financial advisors and are unable to give you independent financial advice. We will provide details of the products available from the credit providers that we work with, but no advice or recommendation will be made. You must decide whether the finance product is right for you.

Commission Disclosure

Whichever lender we introduce you to, we will typically receive commission from them. Our aim is to secure the best deal you are eligible for from our panel of lenders. The lenders we work with could pay commission at different rates. However, the amount of commission we receive from a lender does not have an effect on the interest rate or the amount you pay to that lender under your credit agreement. We have a commercial arrangement with lenders which may require or provide an incentive for us to refer

business to these lenders first. We will tell our commission to you in good time before the finance agreement is executed. We cannot offer impartial advice. The amount of commission can be made available to you upon request over the phone and/or in writing.

If you have a disability, physical or mental health condition, feel vulnerable due to a change in personal circumstances, or just need extra support please let us know and we will do our best to help you. If you wish, please ask for more information on how we treat customers fairly and support vulnerable customers.

Do you have to pay for our help?

No, you make no payment to us, however a lender will typically pay us commission for making an introduction of business, the commission will form part of your regular monthly payments and will accrue interest.
